Principal Message

Alumni associations provide a platform for rich and diversified interaction with those who share an alma mater, shaped by the infant nurture and shared values that are abundantly endowed from their formative years. We are proud to acknowledge the numerous successful students who have made a mark for themselves in the world and are delighted to invite all the alumnus to come and share their success stories and network with their ilk through this forum.

Many institution is known by the strength of the alumni network, we invite you to participate and build this as your own and ensure the edifice stands the test of time emerging as the best in class. We can only offer the foundation; the onus is on you to take it forward. We exhort you to embrace this opportunity and make us even more proud of you all.

STUDENTS REVIEW

When I joined RPTC, I was out of my comfort zone, as being a diploma student I felt difficult in initially, but with the utmost support of my professors and colleagues.. I have always believed in myself because at the end of the day it's your effort which makes the difference

RAJAN NAPHTALI P (2014 - 2017 / DME),

It was a wonderful experience at RPTC with an excellent exposure provided across the various platforms. The faculty are very supportive and encourage students to push boundaries to rise above expectations. RPTC targets for an overall development of every student, be it education, cultural awareness or practical exposure of business world like industrial exposure and international tour. The placement activities are pretty good and come with a training given on how to conduct oneself and face interviews confidently. The ambience of the campus is very positive and the whole experience is very good and there is always support & motivation from the management to pursue our dreams
