Principal Message

An Alumni is an asset to our institution in the sense that he/she gives something back to enrich the institution in terms of experiences shared or expertise volunteered, he or she also is an ambassador of the college who disseminates the values and ideals this college stands for and propagates these values over generations by being a model to the young.

RPTC believes in Lifelong learning and this alumni initiative should promote many qualities such as sharing and caring, constant and periodic communication, and assistance to the RPTC all over the globe as required.

Students who graduate from RPTC could greatly contribute to the welfare of the RPTC ians through constant communication and periodic update of the work done by the alumni. College will be privileged to know the progress of all the students after leaving RPTC and this portal will be a great platform to share ideas as well as learn about the progress made by other alumni.

STUDENTS REVIEW

One of the most interesting stage in life that gives you an opportunity to explore is the College stage. My days at RPTC are precious memories of fun, activity and enjoyment together with studies. College made me the person who I am today... Bold & confident...!! It's the time when you decide your career... I want to thank honorable teachers for showing faith in me . My biggest learning has been here at RPTC.

Achievements-applauds, oppportunities-thoughts, this is what I gained from RPTC. RPTC gave me a platform that I will cherish always. Someday I won and some days I learned. I can ever get from my life. This college let us fall by our own but made us climb on the ladder to success.

Praveen S (2015 – 2018 / DME)

Coming to RPTC, I consider it as a temple and the teachers over here as my god . Each of the Faculty members helped me with my ups and downs and shaped me into a better, responsible and successful person. Since my admittance, three years ago, I have been evolved into a confident lady, bolstered with many new skills. .
